Solar Power Flashlight

Solar Power Flashlight

PG1149

Battery: Rechargeable Battery
Bulb Type: 3 LED
Material: Plastic

The solar flashlight model PD1133 is a hand held rechargeable batteries which can be recharged by ambient light and/or ac power with adapter.

- * Portable, light-weight.
- * Recharge by free energy from the sun.
- * Economically reduce the expense of replacing dry batter and less environmental pollution as compare to conventional hand-held flashlight.
- * Optional to be recharged by ac power with adapter.
